

The Coastal Dram

SEAWEED & WHISKY, INDOORS, YEAR-ROUND · EAST NEUK SEAWEED

The answer to weather, winter and the empty evening. An indoor masterclass pairing wild Scottish seaweeds with Kingsbarns single malts, coastal terroir in two forms, running year-round, clock-timed, with a full non-alcohol flight available. Twelve people, 90 minutes. It is the product that lets a partner sell the East Neuk in February, and the swap we offer when a shore day cannot run.

HOW THE DAY RUNS

- 1 Welcome dram and the story of the shore
- 2 With each pairing a new seaweed: touch it, smell it, learn where it grows
- 3 A live plating demonstration and a curated bite for each seaweed
- 4 A matched Kingsbarns single malt with every course
- 5 Kombu saline droppers: adjust the whisky at your table and taste the difference
- 6 Take-home: a sensory worksheet and your own dropper bottle

A full non-alcohol version makes it work for mixed groups.
